SCENE 1

Sandi Look at all the snow around the tent. Help me shovel it away and tie the tent down.

Pass me some of those splits to light the fire. I think I can hear a ski-doo coming. I guess its my turn. Can I help you? You want two hot dogs and one hot chocolate. Mark, you get the hot dogs and Sis you get the hot chocolate. Great day at the tent. We raised \$123.00 for our class trip to Toronto.

Carl & Come on Carl, lets go bagging at the Co-op.
Bud Here we are at the Co-op again. We've been here Wednesday, Thursday and Friday. Yes, these people are very nice to allow us here and next week it is the Northern.
Oh, Thank you mam. Do you remember the rules of bagging? Yes, never put the cans in with the bread, never put meats with cleaning detergents, and leave the eggs by themselves. Watch out for scrambled eggs!!
Carl, you get the next person and I'll push the cart out to the car. Are you busy? Do you have to stack shelves? Here is Bud. I got along well Carl. I didn't have a cart with a crooked wheel. Can you help me with this bag Carl. What is it? Dog Food. Can you imagine the size of the dog, OOOHHHH!

Bud & Here we are at another potluck. Everything is set up
Sandi nicely. We have many fundraising events. Cold plates, Christmas play, auction, business support, food tent and potlucks. What are making for you next potluck? How about trout pizza. What!!! I am going to make corn on the cob with flavoured butters and oriental salad. Maybe I'll make herb wrapped fillet of beef, or seafood lasagna. Maybe sausage stuffed French loaves. NAAAA! lets just have caribou soup or a boil!

SCENE 2

Sandi Get in the boat we have to get across the river to the car to go to the airport. Hey, my aunt lives there. O.K. we are here at the airport. Take these name tags for your bags and wait for the attendant to call. That's us. We have to board the plane. Seats 1 a b c. Captain comes on to welcome the students of Mud Lake School and he invites them to come to the cockpit for a visit. I have to do a count. What was that? Just the engines cutting in. Hey, I see the C.N. Tower. That was a great flight. Wow, look at all the cameras. There is a person from the local paper here to do a story on us.

Carl &
Bud Hey, there is the BIG M. Ya, the Golden Arches. Want to do the Erkle and then sing a song. Bud, you sit down, I'll take the order. No, No, No, are you any good at problem solvers? Here is one for you. Fraz, Frank, Flan and Flow have 30 dollars. Fraz has twice as much as Frank and Frank has twice Flan and Flan twice Flow. How much do they each have? Wow. Let's get this straight. Oh. That is easy now. I know, 16, 8, 4, and 2 dollars. O.k. you can take the order. Where you from? Mud Lake Lb. Have a good trip. Boy, is this ever good. I waited my whole life to come to McDonald's. Hey, check out this dinosaur. Let's hit the road. We have to get in the van to head to Bala so we can get some sleep in order to come back to Toronto to due some educational tours. Ya, R.O.M. and the Zoo.

Sandi &
Bud WOW! Look at this van. Ya. It looks like a bus. Check out the tires. Same seats as from the airport. Sandi, did you bring any tapes with you? Ya, M.C. Hammer, Mike Jackson, and Metallica. What, no Bing Crosby? We have and hour trip, lets get some sleep. Sandi snoars and Bud says that she is playing the trumpet like Beethoven's Ninth Symphony. We have arrived. Bala has green trees like Mud Lake and a river and a big lake where we can go fishing. Hey, there is the trailer we are staying in. Lets get some sleep because we have to go to Toronto tomorrow for a busy day of activities.

SCENE 3

Bud, Carl
& Sandi

This turnstile looks easy to get through. Hey, I'm stuck. Lets go down these stairs to the subway. We have to go east bound. That one that went by wasn't ours. That's not ours either. Hey, here comes one this way, no, not ours. Loud noise and a subway stops. This is ours. Two stops and we are at York Station. Get out. Wow! that's the C.N. Tower. Take some pictures and try the pepsi test. Go up the tower and show amazement of height. Hey, I wonder if you can see Churchill Falls from here? Just over those sky scrappers is Niagara Falls. I wonder where Buffalo is? We have another fifteen minutes and then we have to hit the Blue Jays game. Wow! this sky dome is amazing. Ya, there is people below us, above us, left, right, I can't believe it. Pass me some popcorn. Hey, there is Roberto Alomar on the big screen by the hotel rooms. He swings, homerun. Jays win the game. Let's get out of here before the other 55,000 fans do and beat the rush.

SCENE 4

Sandi, Bud
& Carl

All students assemble at Glen Orchard public school to do cultural presentations. My name is Carl Rumbolt and I'll be talking about my dad's dog team. My name is Sandi Best and I'll be talking about my parents store. My name is Bud Broomfield and I'll be talking about fishing. Carl explains the system of the dog team. You have a komatik, lead dog, harness, bridle and commands to make them turn right or left ie ETTER, ETTER, UKKUKK. Sandi explains the store and freeze up and break up. We have some basic goods in the store such as bread, eggs, butter, and flour. Bud explains fishing by using some materials. This is a hook. It is simply a line with a wait and hook on a stick. We take it from our sack and suspend it in a hole we dig with an auger. Bud then asks if any students have any questions. Carl, Bud and Sandi all answer questions. They then attend their final event at the town of Bala's birthday celebration. All get up and sing "Northern Lights." We are from Mud Lake School. We would like to take this opportunity to thank you people and say that we had a wonderful trip to Ontario. Students proceed to sing the song in front of 700 people.
