STEPHANIES HOUSE

{Stephanie is at home laying on her bed sobbing

Adam comes in}

Adam:

What's wrong sis?

Stephanie:

It's everything lately Adam, Amber had no time for me so I got with this guy Andre he made me give him money for beer and I thought he cared about me so I did what he asked me to but he started hurting me when I didn't have money and I felt scared and hurt then at the party last night I told Amber and I broke up with him but he got aggressive. I just don't know what to do anymore. I feel so stupid

Adam:

Jeez Steph, that's a lot. Andre isn't a good guy I went to school with him, if I knew I would've protected you. But your life isn't ruined sis. I have a friend who went through the same thing, you aren't stupid you just got mixed up with the wrong people. Surround yourself with people who don't use you and who care about you, I'm always here for you Steph, if you don't mind listening to your lame older brother.

Stephanie:

Thank you for not freaking out, I think I'll sleep this day off.

(They hug)

Adam:

Love you sis

(Adam leaves)

(She lies down and falls asleep)

(Stephanie gets up and starts to get dressed and that)

Stephanie (Pre Recorded):

Thinking about it now I should have realized Andre was not good for me, I'm lucky I had Amber there, to help me realize that. Maybe its ok that things have changed, I'm stronger and more aware, of everybody I already have in my life, who only want what's best and who show me unconditional love and support. Growing up is scary, terrifying actually, but I know I will come out on the other side just fine.
